

Local Governing Body 2026/27

Each school within our Trust has a group of dedicated Local Governors who form the Local Governing Body, they include representatives of our parents, staff and the local community. Governors play a key role in monitoring the standards in our school to support the Headteacher and report to the Board of Trustees.

Each Governor has oversight of a particular area of school development linked to the School Development Plan. This alters year on year as the school priorities develop. The Headteacher, Mr Hemmings, is a member of the Governing Body and has whole school responsibility.
